

The Electronic Makerspace at CTTC

Established in 2015 to help local entrepreneurs, CTTC provides you with the resources and support you need to start, grow and maintain your business.

What We Offer

- Business planning assistance.
- A shared-use, electronic makerspace with state-of-the-art equipment.
- Office and conference room space. (additional fees beyond makerspace rental fees apply).
- Support in creating marketing plans.

Who We Serve

- Businesses looking to develop prototypes of electronic circuit boards.
- Businesses looking to do customized electronic circuit boards.
- Businesses looking to manufacture small runs of electronic circuit boards.
- Anyone looking to start an electronics business using electronic circuit boards.
- Businesses who are not start-ups may utilize the makerspace upon CTT approval.
